

TIME WARNER CABLE  
**Government Solutions**

BRANCH OFFICE CONNECTIVITY

Time Warner Cable is a leading provider of high-speed data and video communication services to government agencies. Our network enables agencies to achieve telecom diversity, enhance their Continuity of Operations Planning (COOP), and dynamically allocate their data bandwidth requirements.

TIME WARNER CABLE  
**Business Class**

## Scalable Branch Office Connectivity to Enhance Your Network

Time Warner Cable Branch Office Connectivity solutions facilitate the operation of government agencies with dispersed offices by providing reliable access to information. We employ a state-of-the-art infrastructure that is independent from other telecom carriers to quickly deliver high-performance, high-bandwidth solutions supporting critical applications across multiple locations.

### Turn COOP Requirements into Productivity Enhancements

Time Warner Cable Branch Office Connectivity solutions help agencies meet Continuity of Operations Planning requirements. As a result, we enable productivity during unforeseen disruptions to other communications systems, networks, or government applications. Agencies can rely on us to:

- Augment network communications and reduce an agency's dependency upon traditional telco infrastructures
- Leverage multimedia government applications — including video conferencing, voice, image file transfer, and virtual private networking (VPN) — while reducing the additional costs for higher bandwidth requirements
- Create a high-bandwidth infrastructure capable of supporting real-time data backup, storage, and e-government initiatives

### Increase Telecom Diversity Simply and Efficiently

Time Warner Cable's infrastructure simplifies implementation. We build and maintain our own state-of-the-art cable infrastructure and regional fiber rings. This enables agencies to communicate as a team and perform at the highest level possible. We provide:

- Service Level Agreements (SLAs) for rapid response and restoration services
- Online ordering and provisioning management tools
- The ability to scale and meet growing branch office bandwidth needs, including multiple user support

### Get the Benefits of Choosing a Strong, Experienced Provider

Time Warner Cable's network infrastructure meets your agency requirements. Our goal is to always provide the service and solutions government agencies demand. We offer:

- Comprehensive solutions that enable agencies to build an effective, productive IT workforce
- Scalable products to reduce IT and telecom costs
- Single and custom billing options
- 24x7 technical support

### Time Warner Cable on GSA Schedule

- Time Warner Cable is a preselected vendor. We can help agencies focus on their IT needs instead of budget pressures
- Leveraging the GSA Schedule lets each agency take advantage of lower administrative costs, billing in arrears, optional payment by government credit card, and expedited network installation
- GSA Schedule GS-35F-043 1 K \*

Time Warner Cable Branch Office Connectivity delivers scalable and continuous high-bandwidth solutions to ensure uninterrupted information sharing, knowledge flow, and IT productivity. **The result:** Agencies can facilitate communications and cross-collaboration by designing data networks to meet their critical communications needs.
